**SNC Destinations Expands Destination Portfolio to Europe**

**SNC Destinations Adds Destination Management Companies in Portugal, Russia and Turkey to Portfolio for Meetings and Incentives Market**

**Sunrise, FL – May 6, 2008 --** SNC Destinations has announced that it has added destination management companies in Portugal, Russia and Turkey to the company’s international portfolio. Portugal Travel Team of Portugal, Business Travel Group of Russia and Motiva of Turkey join a portfolio of independently owned destination management companies (DMC) working nationally with SNC Destinations, a Florida-based company that provides incentive firms and meeting planners the convenience of interacting directly with international DMCs via a U.S. representative.

“We are excited to be working with these companies, the owners and management of which we have come to know and trust,” says Simone Champagnie, managing director of SNC Destinations. “It is our goal to provide the best options to our clients, and with this expansion into Europe we continue to demonstrate our commitment to quality and the delivery of excellence.”

SNC Destinations officially launched each Europe-based DMC on its website, giving meeting planners and incentive travel buyers immediate access to destination information and an online RFP form.

About SNC Destinations

SNC Destinations is the national sales and marketing representative for a select group of international Destination Management Companies (DMCs). Retained by its destination partners, the company facilitates the interaction between incentive houses and corporate meeting planners and its overseas-based DMCs. Read about each of the destinations in which SNC Destinations has a DMC partner at <http://www.sncdestinations.com>.
